> CHAMPAGNE. THE DEBATE ON THE ADDRESS. -

The opening stage on the Address, says The Times Parliamentary Correspondent, will be chiefly interesting for the Prime Minister's speech. One of Mr. Asquith's periodical reviews of the war may be expected. Members await with interest his remarks on more than one matter which has become the subject of public discussion during the short recess, such as the protection of these islands against air raids, the plans of the Government for enforcing national economy, and the settlement of the claims of the War Office and industry for men, together with the operation of the Military Service Act These and other war questions will be raised in greater detail by amendments to the Address, for the discussion of which the Government will give the whole of the Parliamentary week. This may be the private members last innings for some time to come. It is the intention of Ministers to take the whole of the time of those for Government bosiness, as it did last session, and there will be researched in TAKEN. TWO DAYS' HEAVY FIGHTING.

The following resolution, proposed by Mrs. Spencer Chichester, and seconded by Mrs. Talbot, was passed unanimously:—

"We, the members of the Ulster Women's Unionist Council, representing a quarter of a million loyal women of Ulster, desire to express our deep dissatisfaction at the exclusion of Ireland from the Compulsory Service Act. We protest against the refusal of the Government to join our people with their fellow-citizens of Great Britain in a common bond of service to the Empire, knowing as we do the readinese of loyal Ulster, already proved on many occasions, to undergo and suffer whatever may be necessars to bring victory to our armise over the forces of tyrancy and barbarism."

IMPORTANT CONFERENCES.

Signor Salandra, the Premier, gave a lun-con to-day in the great salon of the Gal-ia Borghese, Villa Umberto, in honour of

readiness of loyal Ulster, arready proved on many occessions, to undergo and suffer what ever may be necessary to bring victory to our armies over the forces of tyranny and barism.

Proposed by Mrs. Macgregor Greer, seconded by Mrs. Robertson, and passed unanimously:

"That this meeting of the Ulster Women's Unionist Council desires to put on record that the members of the Council and its affiliated Associations since the outbreak of the war have done everything in their power to aid the Empire in the great strungel in which it is engaged. In particular they have materially assisted in secusing recruits for the Ulster Division and other units of His Majesty's Forces. The Council realises the necessity for continuing these efforts, so as to ensure a constant supply of the necessary restricts. The Council therefore, desires to impress upon the idividual members of the affiliated Associations the duty of doing what they can to bring every available man to the Colours, and the desirability of taking such further steps in their respective districts as may be calculated to obtain this object, and that a copy of this resolution be forwarded to the Lord Mayor of Belfast, Director of Recruiting for the Ulster District.
